

People go to church for many reasons, to be sure. Some go because it has become one of the good habits they learned from Godly and honored parents. Some of us go because we must have help for the difficult tasks we have undertaken. Other men have knelt at the alters of religion to have their strength renewed. The hour of worship has been like a warm bath of the spirit, from which we rise refreshed and relaxed and ready for whatever duty lies ahead.

The ideal reason for going to church is to become a part of that Life which is greater than our own. We really belong to the Whole of things and we are our best selves only when our single person is caught up into divine fellowship. We find that we live and move lost and frustrated until we become one with the Cosmic Life...until we find ourselves in our God. Let us go into the Church.

People go to church for many reasons, to be sure. Some go because it has become one of the good habits they learned from Godly and honored parents. Some of us go because we must have help for the difficult tasks we have undertaken. Other men have knelt at the alters of religion to have their strength renewed. The hour of worship has been like a warm bath of the spirit, from which we rise refreshed and relaxed and ready for whatever duty lies ahead.

The ideal reason for going to church is to become a part of that Life which is greater than our own. We really belong to the Whole of things and we are our best selves only when our single person is caught up into divine fellowship. We find that we live and move lost and frustrated until we become one with the Cosmic Life...until we find ourselves in our God. Let us go into the Church.

People go to church for many reasons, to be sure. Some go because it has become one of the good habits they learned from Godly and honored parents. Some of us go because we must have help for the difficult tasks we have undertaken. Other men have knelt at the alters of religion to have their strength renewed. The hour of worship has been like a warm bath of the spirit, from which we rise refreshed and relaxed and ready for whatever duty lies ahead.

The ideal reason for going to church is to become a part of that Life which is greater than our own. We really belong to the Whole of things and we are our best selves only when our single person is caught up into divine fellowship. We find that we live and move lost and frustrated until we become one with the Cosmic Life...until we find ourselves in our God. Let us go into the Church.

People go to church for many reasons, to be sure. Some go because it has become one of the good habits they learned from Godly and honored parents. Some of us go because we must have help for the difficult tasks we have undertaken. Other men have knelt at the alters of religion to have their strength renewed. The hour of worship has been like a warm bath of the spirit, from which we rise refreshed and relaxed and ready for whatever duty lies ahead.

The ideal reason for going to church is to become a part of that Life which is greater than our own. We really belong to the Whole of things and we are our best selves only when our single person is caught up into divine fellowship. We find that we live and move lost and frustrated until we become one with the Cosmic Life...until we find ourselves in our God. Let us go into the Church.

Autry Points to Sales Tax for Revenue

The legislative program was discussed by Representative Talbot Feild and Senator Gene Lee. The spekesman for school forces, Rep. L. H. Autry of Mississipi County, points to the state sales tax as the most equitable source of increased revenue.

Autry said, however, he believes that no tax has a chance of passing both houses of the Arkansas General Assembly; but he thinks sentiment will change, "maybe" tomorrow.
